

## WORKSHOP THEATER

*Do you want to play your soul from your head to your toes?*

*Have a taste of the theatrical discipline: 'improvisation'*

*where above all the 'fun' comes first?*

*And at the end of these intensely creative days show your 'acting talent'*

*in a short play or a performance?*

However: our challenge is how we can stand up against all odds in the  
far future with our creative mind, body and soul?

*Join me, create, feel and see!*

*and just like WILLIAM SHAKESPEARE once said:*

"WE KNOW WHAT WE ARE, BUT DO NOT KNOW WHAT WE MAY BE"

**Eat your heart out, William!**

Greetings,
